PROFESSIONAL CARDS THE FINANCIAL ECONOMY OF THE that the law as it now stands fosters the creation of banks to get the profits of circulation without capital and without SCHOOL OF THE HOLY CRE

sat sconoury that a nation can adopt to sarp a sufficient amount of these metals to estatistic that basis, which is the foundation of a nation's economical system, as well as the measure of its credit, in New York, of defrauding the Govis comparatively few years work up paper money to par with coined for which he bought ciothes.

ease of gold throughownied within our own borders two hun- seven years has died, and Dayle is no ons in gold and silver, but this expected to survive.

days are dawning up as us. scapitulation. From these, with such modifications as experience has dictated, thus try to create strife in our midst, resto which I have alluded in that respirulation.

I. Maintain the highest standard of value possible in the Government paper money by permitting it to be funded. In other words, if the forcible contraction be repealed, then repeal the law In all the funding operations of the Government, when any loan is to be in a formal solicitude for equality would still prevail, doubtless, if she negotiated, good faith would seem to require that publicity which accompanies the receiving of bids for the loan. This was the custom prevailing all through was the custom prevailing all through the loan to the loan accompanies of the receiving of the recent advance in culton, the Augusta (Ga.) Chronicle gives the following excellent advice: our history until the breaking out of the Although those prices will not pay yet late rebellion. The sum of twenty millions is proposed to be paid by Senate bill No. 207 for the expense of negotia-

ting and printing. It seems a waste of better avail thomselves of prevailing money to pay for negotiating loans rates rather than run the risk of the seealch could be disposed of by public sawing propensities of the market. hids. The policy of private negotiation always expotes a government and its noney, to assimilate it to other nations, provide that it shall apply only to con-

age of the act, and that contracts may e made in such new coinage, not withanding the legal tender paper money 2 Instead of a two thousand million gie, at which he became so intexicated that, after trying to find his way home, be bill No. 207, which appropriates formty was obliged to spend the night in the open air under an apple tree. This is the famous apple tree of the 'Midsummade in the unfortunate phraseology of the five-twenty bonds, exchanging new ands exactly the same in all respects, worded bands, precisely as an honest man would correct an error, made in the wording of his note, and at the same time authorize "A specie RESUMPTION that are the same of the LOAN," at such rate of interest, and such at once write a biography of Shakenumber of years to run, as the Secretary | peare.

the same party called again, remain long before resumption became practicable, easy and beneficial to all interests. The banks and the people would send to the Treasury to get gold for the legal tenders they might hald, and these latter, as they went into the Treasury, would be destroyed, the banks resuming, and Government having paid for its notes in coin would thereafter cesse to interfere coin would thereafter cease to interfere with the currency, and he freed from the
